What We Do

Share the facts with local, state, and federal policy makers

It's important that decision makers know the facts. In Nebraska, the arts are a \$174 million dollar industry and students who participate in the arts are more likely to graduate from high school and have higher GPA's.

Recognize outstanding contributions to the arts in Nebraska

NFTA celebrates and shares the work of Nebraska artists and educators through programs like the NebraskARTS Award, the Spotlight on Student Achievement in the Arts, and by supporting Poetry Out Loud with the Nebraska Arts Council.

Monitor public policy

As an arts advocacy organization, we are your watchdog for policies that may cut funding for the arts or cut arts education in your school. We also work with policy makers to develop pro-arts legislation.

Who We Are

NFTA is an affiliate of national organizations Americans for the Arts and The Kennedy Center Alliance for Arts Education

NFTA members are artists, arts organizations, and advocates from across Nebraska.

NFTA is supported by grants and donations from businesses, organizations, and citizens like you. Join online at NebraskansForTheArts.org.
